Honoree: Martin J. Walsh

Martin J. Walsh was sworn in as the 29th Secretary of Labor on March 23, 2021. A lifelong champion of equity and fairness, and a proud product of the City of Boston, Secretary Walsh leads the U.S. Department of Labor with a strong connection to working people, and a commitment to creating an economy that works for all.

In 1997, he was elected to serve as a State Representative for one of the most diverse districts in Massachusetts. There, he focused on creating good jobs, protecting workers’ rights, expanding mental health treatment, and investing in public transit.

Following his time as a State Representative, Secretary Walsh spent the last seven years as the Mayor of the City of Boston. While mayor, he led the creation of close to 140,000 jobs and helped secure a statewide $15/hour minimum wage, paid sick leave, and paid parental leave. He established Universal, high-quality Pre-Kindergarten for all children, and free community college for low-income students. Secretary Walsh was a national leader in the response to COVID-19, getting PPE to first responders and nursing homes; funding emergency child care for healthcare and frontline workers; halting evictions and providing rental relief; and setting up multiple funds to help small businesses survive. His work early in the pandemic to pause construction and establish safety requirements has been lauded as a model by both unions and employers alike.

As Mayor of Boston, Secretary Walsh also made his mark as a labor leader. After following his father into Laborers Local 223 in Boston, he rose to head the Building and Construction Trades Council from 2011 to 2013. He worked with business and community leaders to promote high-quality development, and he created a program called Building Pathways that has become a model for increasing diversity in the workplace and providing good career opportunities for women and people of color.

Born and raised in the neighborhood of Dorchester by Irish immigrant parents, Secretary Walsh is driven to ensure our nation’s economy works for everyone. Secretary Walsh is a survivor of Burkitt lymphoma and is a proud member of the recovery community who has worked to expand addiction treatment throughout his career. While working full-time as a legislator, he returned to school to earn a degree in Political Science at Boston College.
