Delivering for Ireland

Delivering for Ireland has always been at the heart of The Ireland Funds Australia. We are a dynamic philanthropic community dedicated to driving positive change and lasting impact across the island of Ireland and in Irish communities worldwide.

Our mission is clear: to connect people who care with causes that matter — supporting education, culture, community development, and peace. Thanks to the extraordinary generosity of our donors, we are able to power initiatives that foster growth, spark innovation, and deliver real social transformation. Your support is the lifeblood of our work, enabling us to fund our annual June grant rounds and invest in projects that matter.

Impact where it is needed most

Maximum impact is always our goal. In this Impact Report, we are proud to share how your generosity has made a difference in FY2025. In a world facing rising costs and global uncertainty, we are proud to bring some stability and hope to the organisations we support. What you'll see in these pages are not just numbers, but stories of innovation, resilience, and compassion. Behind every grant is a leader, a community, and a future being strengthened by your belief in our mission. To our donors, our supporters, and our incredible voluntary board — thank you. None of this would exist without you.

Kind regards,

Teresa Keating

About The Ireland Funds Australia

Founded in 1987, The Ireland Funds Australia is part of a powerful global philanthropic network spanning 12 chapters across the world. Together, we are dedicated to making a lasting social impact by supporting communities in need through education, culture, peace, and community development — both in Ireland and the countries in which we operate.

Our Impact

Since its inception, The Worldwide Ireland Funds has raised more than AUD \$900 million and supported 3,200+ organisations. From grassroots charities to large-scale initiatives, our funding drives change where it is needed most.

Our Founders

Our story began when visionary leaders Tony O'Reilly and Dan Rooney saw the power of bringing people together — not just to connect and celebrate, but to give back. That tradition continues today: people come for the connection and stay for the mission — celebrating 50 years in 2026 — what a legacy!

Challenges of our time

We believe the challenges of our time are global — and so are the solutions. From supporting FoodCloud, which rescues surplus food to feed people and reduce waste, to championing Grow It Yourself (GIY) initiatives that address food security and sustainability, we back projects that deliver real, practical impact.

We nurture the next generation

We also invest in the future through our Young Leaders Network — a unique program that inspires and nurtures the next generation of philanthropists and changemakers. In Australia, our Young Leaders Committee is one of the most vibrant worldwide, reflecting our belief that leadership and generosity know no borders.

With strong roots, a global reach, and a clear mission, The Ireland Funds Australia continues to connect people who care with causes that matter — creating impact today and shaping a better tomorrow.
