

OUR MISSION STATEMENT

The Ireland Funds' mission is to harness the power of a global philanthropic network of friends of Ireland to promote and support peace, culture, education and community development across the island of Ireland and among Irish communities around the world.

In our 39th year we reflect on some of the impact we have had over the years:

EDUCATION **\$7.8m**

A significant proportion of our grants have focused on education most notably: Integrated Education in Northern Ireland a journey of over 30 years; Chair of Modern Irish Studies at UNSW;

Science Gallery Melbourne and

numerous educational programs in Ireland from preschool early learning to PhD scholarships. Our partnership with Music Generation and U2 to provide musical education to every child in Ireland; A 10 year partnership with AIEF will see us together support 80 scholarship places to be completed in 2024.

COMMUNITY DEVELOPMENT **\$4m**

Supporting communities across the island of Ireland and in Australia has been incredibly rewarding especially where we have played a role in linking approaches between Australia and Ireland – where solutions which are having an impact here are transported to Ireland – two great examples are Men's Sheds and the REACH/ SOAR partnership.

In times of great difficulty we have played our part in providing help as with the "Heart of the Community Covid Relief Fund" and our support following 9/11, and displaced Ukrainians in Ireland and Australia.

TRINITY ST JAMES'S CANCER INSTITUTE **\$8.2m***

Public Private partnerships are essential in delivering major structural change and we are delighted to support the establishment of the first ever integrated cancer care centre, across the island of Ireland, the Trinity St James's Cancer Institute.

PLEDGE YOUR SUPPORT TODAY

We are a niche charity reaching out to Irish people who have received a free education in Ireland to not forget where they came from and support people less fortunate than ourselves.
